

Martin-Baker to partner with Reiser Systemtechnik GmbH

Dubai Air Show:

Martin-Baker, UK has selected **Reiser Systemtechnik GmbH**, Germany as their preferred partner for simulated seats.

Martin-Baker is the world's longest established and most experienced manufacturer of ejection seats. Reiser Systemtechnik GmbH has been a leader in the field of simulation and training. Both companies decided to establish a partnership in order to provide advanced simulated seats of all Martin-Baker products profiting from the wide expertise of both parties. The variety of seats offered will range from low-spec up to high-spec seats with g-cueing capabilities.
